Great. I was confused because all of the entries list my name as the current editor.

Neither of these IAs require any action on your part unless OGD Specialist notifies you of something you need to provide. Both have been accepted for processing, 92434401-2 by Leon Smith on 2/6 and the other by Lakeysha Hairston on 2/2.

Just as a FYI, OGD always has a 45 day window to process an award by their standard timelines, but most of them do it in mere weeks as they often get packages with much shorter needs. We can follow up with them later this week as checking in early is always a good idea.

CJ,

In IGMS both of these IAs seems to be in my In-Box for my action, but I'm not clear what I have to do.

Can you advise, please?

Thanks,
